500 ARE DROWNED AS FLOODS CAUSE HAVOC IN MEXICO

Great Suffering Prevails as
Cold Wave Follows
Heavy Rains.

NATIVES DYING FROM EXPOSURE

Thousands Homeless, Crops
Destroyed, Livestock
Herds Drowned.

Tucson, Ariz., Jan. 11.—The bodies of 500 victims of the floods which have plagued Mexico for the past few days have been recovered, according to word received here today.

With the flood waters of the Acaponeta and Santiago rivers subsiding, the bodies of the drowned persons were recovered.

Most of the bodies were recovered near Santiago and Ixmiquilpan and it was expected that more victims would be found when searching parties had been further organized.

Mexico City, Jan. 11.—Great suffering prevails throughout Mexico as the result of floods, followed by an abnormal cold snap.

Floods in Durango and Nayarit are reported to have wiped out many towns and villages, taking a heavy toll of lives. Communications are down, thus preventing accurate estimates of conditions. It is reported that huge walls of water swept down over Indian villages, catching people unaware.

The cold wave has hit even the tropical belts. In the higher altitudes the thermometer has dropped to below the freezing point. Barefoot and scantily clad natives are dying from exposure. Many essential food crops have been destroyed and sharp rises in the cost of foodstuffs is causing privations among the poorer peoples.

300 Drowned
Nogales, Ariz., Jan. 11.—More than 300 persons have been drowned and property damage of more than \$750,000 has been done by floods in Nayarit State, Mexico, according to word received here today by the Southern Pacific Railway officials.

The flood waters of the Acaponeta and Santiago rivers are subsiding and heavy rains which caused the rivers to plunge over the banks have also stopped.

Thousands are homeless along the banks and in the valleys of the two rivers, it was reported.

More than 55 inches of rain fell during the storm in some sections, it was stated in the report received here by railway officials.

Large herds of livestock were drowned, crops have been ruined and the Southern Pacific railway suffered damage which may total more than \$250,000.

Long stretches of track have been washed out and bridges badly damaged.

Relief parties are being organized at Nogales, Sonora, and it will be days before food and supplies can reach the devastated section, it was stated.

GIVES MILLION TO NEW YORK'S POOR

Hundred Acres of Valuable
Land Also Donated by
Ward, Bread King.

New York, Jan. 11.—The poor of New York are wealthy today by reason of the donation of 100 acres of valuable land along the Hudson, through the beneficence of William H. Ward, the "bread king."

His gift was announced by the New York association for improving the condition of the poor.

The land, 100 acres to the northern boundary of Dutchess county, was given to the association for a last refuge for the very old and needy. The gift is made in commemoration of Ward's father, Robert Boyd Ward, and is designed to establish a community welfare experiment in social service work.

The tract comprises Cruger's Island, the Robert Livingston farm, the Kild farm and the Ormsbee farm. The property is a part of the 160,000 acres obtained for \$200 worth of gold, mirrors and pocket knives by Robert Livingston who arrived in 1674. It was one of his descendants, Chancellor R. Livingston, who administered the estate of office to George Washington, making him the first president.

PURCHASERS WILL GATHER IN SALEM

Eastern Ohio Agents Will
Inspect Plants, Have
Dinner Meeting.

The Canton and Eastern Ohio Association of Purchasing Agents will hold its January meeting in Salem Wednesday in connection with a trip Wednesday afternoon through the plant of the Deming company. Following this trip, the visitors will be shown through the plant of the National Sanitary company.

After the factory inspections, a 6 o'clock dinner will be served at the Quaker Tea House on McKinley ave., followed by the regular business meeting. Robert C. Hopkins, president of the Alliance Brass & Bronze company, Alliance, will be the principal speaker of the evening, his subject being "The Sentiment in Business."

The delegation of visitors will include some 30 purchasing agents in Eastern Ohio, coming from Canton, Massillon, Carrollton, and surrounding towns, as well as several local purchasing agents. The visitors will make the trip to Salem by auto, arriving here during the early afternoon.

The Canton and Eastern Ohio Association is less than a year old, being the "baby" of 45 associations affiliated with the National Association of Purchasing Agents. This Canton and Eastern Ohio group was formed in March, 1925, with five members and now totals 33, including R. R. Miller, the Deming company, a director of the association, and D. T. McNabb, of the National Sanitary company, and James H. Wilson, Salem Tool company.

The purpose of the association is to distribute information of value to purchasing agents in this locality and to function in general for the assistance of buyers in this section. Membership is open to bona fide buyers properly recommended.

All purchasing agents in and about Salem, whether members or not, are invited to attend the meeting at 6 p. m. Wednesday at the Quaker Tea House, to observe the workings of the association. Reservations can be made of R. R. Miller, at the Deming company.

KIRBY ON TRIAL SIXTH TIME FOR FIRM'S FAILURE

Cleveland, Jan. 11.—Selection of the sixth jury that will decide the fate of Josiah Kirby, former head of the Cleveland Discount company, will start in federal court here this afternoon.

Kirby is on trial for the sixth time as the result of the partial collapse of the company that he founded. Twice he has been acquitted and three other juries have disagreed.

Kirby today expressed himself as confident of acquittal, while District Attorney Abraham Bernstein said, "We'll convict him this time."

DURANT INJURED IN TRAIN WRECK

Trainman and Two Negroes
Killed as Two Trains
Crash in South.

Jacksonville, Fla., Jan. 11.—W. C. Durant, millionaire automobile manufacturer, was speeding for New York on a special train today after an accident on the Florida East Coast Line railroad in which one trainman and two negroes were killed and the lives of several persons in the Durant private car endangered.

The exact extent of Durant's injuries are not known.

The automobile manufacturer, his wife, R. R. Hicks, his attorney, Mrs. Hicks and several other friends were shaken and bruised when the engine of a northbound passenger train crashed into the train carrying the Durant car also going north on a curve.

The negroes who were killed were attendants on the Durant car. The other victim was the fireman of the train which crashed into Durant's car who jumped from his car when he saw the crash could not be avoided.

An investigation of the wreck is under way according to information given out at the St. Augustine office of H. N. Rodenbaugh, vice president of the road.

Seven Have Narrow Escape From Bomb

Pittsburg, Jan. 11.—Seven persons narrowly escaped serious injury and possible death today when a bomb was exploded under the porch of the residence of Philip G. Macchrelli, Mt. Washington contractor. Macchrelli had ignored several "black hand" demands for money.

NEW TAX MEASURE TO REACH SENATE WITHIN NEXT WEEK

Party Harmony Given Bill
in House Will Be Lack-
ing in Senate.

MINORITY REPORT FROM DEMOCRATS

Big Battle Will Come Over
Repeal of Income Tax
Publicity Clause.

Washington, Jan. 11.—The administration's new \$325,000,000 tax reduction bill will be reported to the senate within a week, it was learned today, with Republicans and Democrats alike joining in a drive to cut the huge tax melon before the next income tax returns become due, March 15.

The measure will go to the senate with little of the party harmony that characterized its enactment by the house.

The Democrats will present a minority report, proposing a total tax reduction of \$500,000,000 based on a plan of retiring the public debt in 32 years as a substitute for the 20 year retirement plan adopted by the Coolidge administration. The Democrats also will propose lower surtax rates on the brackets for incomes between \$22,000 and \$100,000, and the repeal of amusement and capital stock taxes.

One of the remarkable results of the senate finance committee's deliberations was the complete accord between Republicans and Democrats on the normal income rates adopted by the house. The Democrats also agreed to the 20 percent maximum surtax rate, approved by the house, endorsed by the senate Republicans and originally proposed by the treasury department.

This was in strange contrast to the Democratic warfare of 1924 against the so-called Mellon plan which was based chiefly on the proposal of Secretary of the Treasury Mellon for a maximum surtax rate of 25 percent.

There will be no such surtax battle this year, although Republican insurgents undoubtedly will seek to increase the 20 percent maximum, but with little hope of success.

Two of the big tax battles on the floor of the senate will come over provisions, favored by a majority of the finance committee and already enacted by the house, for repeal of the income tax publicity clause of estate and inheritance taxes.

Both of these rows will be non-partisan in character, as the Republicans are just as "split" upon these features as are the Democrats. In fact, it will take a combination of Republican and Democratic votes on the finance committee to keep the provisions in the bill as it is reported to the senate.

The Democratic move for repeal of the capital stock will not be as partisan as indicated on the surface. Many Republicans also oppose this tax and as well as the amusement taxes, which the Democrats also propose to repeal.

SAUNDERS INJURED WHEN POLE FALLS

City Electrician Lee Saunders was slightly injured Monday morning when a concrete light pole he was working on crashed to the street, throwing Saunders violently to the ground.

A motorist had backed the pole and Saunders, on a ladder placed against the pole, was removing wires from it in preparation for removing the pole.

Without warning the pole crumbled and fell into the street, tossing Saunders and the ladder into the snow.

Strawberries Here

Strawberries, the first of the season, were on the market Monday morning. One grower had several quarts of these large and extra fine berries which came from Florida. They retailed at \$1.50 a quart.

Pittsburg Loses Smoky Honors To St. Louis And Cincinnati

Indianapolis, Jan. 11.—The doubtful distinction of being the smokiest city in the United States no longer belongs to Pittsburg-St. Louis, Mo., and Cincinnati, O., both outranking the Pennsylvania metropolis in atmospheric impurity.

This statement was made today by H. C. Murphy of Louisville, Ky., air filter manufacturer, here to speak before a meeting of Indiana scientists and technologists, whose conclusions were based on tests made with a device for measuring the number of dust particles in a cubic foot of air.

Cold Snap Tuesday, Then Warmer.

Columbus, Jan. 11.—A decidedly lower temperature for Ohio during the latter part of the week was predicted by the government weather bureau here today.

The cold wave expected Tuesday will force thermometers down in every part of the state, the forecast said.

There was indication the cold snap would linger two or three days.

CHARGE OF BRIBE IN INDIAN DEATH PROBE IS HURLED

Grand Jurors May Go Into
Political Phases of the
Indian Murders.

Guthrie, Okla., Jan. 11.—Conferees between attorneys as to whether Alva MacDonald famous friend of Theodore Roosevelt, former Rough Rider and recently United States marshal, would be allowed to immunize himself by testifying before the federal grand jury investigating Osage Indian murders, delayed renewal of grand jury sessions today.

The conference followed the arrival of this morning of witnesses whose presence indicated the grand jury planned to go into the political phases of the "murders for millions."

Charge and counter-charge have been tossed back and forth in Oklahoma for three years that both state and federal government did not want to go into the Osage Indian murder conspiracy.

MacDonald said today that he was the man referred to in the report that the investigation of Benjamin Burger, federal operative in the Kansas City bureau of the Department of Justice indicated that a federal officer, now out of service, had received \$10,000 for stopping a former inquiry.

It was reported this morning that the government had abandoned its reliance in the confession of Bert Lawson, a federal convict implicating William K. Hale, millionaire politician and rancher and known as "the King of the Osage Hills," in the murders of Bill and Reta Smith, the latter an inheriting heir in the \$2,000,000 estate of her mother, Mollie Bieheart.

The Smiths and their maid were killed when their home at Fairfax, Okla., was dynamited in 1923. Hale, Lawson, Ernest Burkhardt, husband of the last surviving daughter of Mollie Bieheart, and M. A. Bloyed, who had fled, were indicted for the murders in Oklahoma state cases.

Two Bandits Seize \$50 At High Street Store; Leave Checks

Masked Men Enter Store After Closing Time
and Hold Up Paxson and Clerk; One
Points Gun, Other Takes Cash.

Two bandits held up the O. D. Paxson grocery, East High st. and Garfield ave. shortly after the store closed Saturday night, and robbed Paxson of about \$50 in cash. Several checks were not taken.

The holdup was one of the most daring in years here as it was perpetrated at a time when many people were on the streets.

Paxson closed the front door of the store at 9 p. m., but did not lock it. He and a clerk, James Helman, started to clean the store and get things in shape before going home.

Helman went to one of the windows to take out some goods and noticed a man standing in front of the store, peering in intently, but when Helman looked out at him the man walked on.

Helman believed it some customer who had arrived too late to get in the store and started to sweep. Paxson at this time was in the meat department in the rear of the store.

Gun Drawn as They Enter
The door opened quietly, and as the two men looked around to see who was entering, two bandits stepped in, one with a drawn gun, and ordered Paxson and Helman to "throw up your hands."

Paxson complied, but Helman, who later said he thought someone was playing a joke on them, turned to his sweeping.

The bandit with the gun stepped to him, and pointing the gun in Helman's face, commanded:

"Put up those hands or I'll shoot you down."

Helman then put up his hands, and the second bandit stepped behind the counter and opened the cash register while the first stood guard over the two men.

Securing the larger coins and bills, but leaving checks and small coins, the one bandit scooped up the money, took some Paxson had in his pockets, but not searching Helman who told the bandits he had only keys in his pockets, and then reprimed the man with the gun.

Marriage of Irving and Elin Defended By Coolidge Pastor

Washington, Jan. 11.—It takes more genius to dig up music from within than it does to dig up silver from without.

With this sage observation, Dr. Jason Noble Pierce, pastor of President Coolidge's church, the First Congregational, surprised his congregation Sunday with a defense of the Berlin-Mackay marriage. Dr. Pierce spoke on tolerance and racial prejudices.

Dr. Pierce could see but little difference in the Berlin and Mackay trees.

"In 1840," he said, "Mackay's father came from Ireland, and was successively a drifter, miner, waiter and bar tender. Out west he finally struck it rich and completed the fortune his son now enjoys."

"In 1892, Berlin, then a child of four, came to America with his father, a Russian Jew. From being a singing waiter he rose to be creator of some of the world and some of the best of contemporary music."

What is the difference between them? It takes more genius to dig up music from within than it does to dig up silver from without."

Missing Steamship Sighted Off Course

Boston, Jan. 11.—The steamship Coronada, carrying 160 passengers from Liverpool to Jamaica, reported missing last week, was located today.

A message picked up here by the Tropical Radio station reported the Coronada passing Turk's Island, West Indies. This was off her course.

An English lord and lady were among the Coronada's passengers.

Company in Operation Here
About One Year, Buys
Alliance Plant.

The Salem Pressed Steel Co., a small stamping concern here, has purchased the plant and equipment of the Alliance Metal Stamping Co., and will move the local plant to Alliance within a few days.

This announcement was made Monday by President T. M. Vaughn of the Salem company, who said the Alliance concern's equipment had been purchased from the trustee in bankruptcy. The Alliance plant had been equipped for the manufacture of toys.

The Salem plant, located on Depot st., began operations here about a year ago.

CAR SKIDS, TURNS OVER, SIX INJURED

Six young people from Lisbon miraculously escaped serious injury when a small touring car in which they were riding skidded in the snow on the Salem-Damascus rd., a short distance east of Damascus Sunday, and overturned.

The machine leaped the ditch and slid along on the snow covered field. All of the occupants were badly shaken up and sustained minor cuts and bruises, but none were seriously hurt, it was said.

There were the usual number of minor wrecks in and near Salem.

Adler Will Oppose Street Cleaning Tax

There will be no street cleaning assessment ordinance this year if Councilman Max Adler has anything to say about it.

He said today that he is telling his constituents he will vote against any such assessment.

"That two cents per front foot does not mean a thing and is a useless assessment," declares Max.

HOSPITALS

Not so many years ago the custom in this country was to have cases of sickness or accident cared for in private homes. Hospitals were not numerous, the advantages they offered were not appreciated because they had not been made plain. Even after hospitals were numerous in many places there was sharp criticism of those who permitted members of their family to be taken to a hospital. The old idea made the care of the sick something of a special obligation on the family, even if the home was small and the members were inexperienced in handling the sick.

That old idea and custom has been pretty well disposed of and the advantages of good hospitals are understood in all sections of the country. They have won the confidence of the public, particularly in the large cities and in industrial centers. In the latter places they are indispensable because accidents are numerous and there is constant need for the best medical, surgical and nursing care if life is to be saved. In the cities the sight of an ambulance hurrying to the scene of accident or hurrying with the unfortunate to the hospital is common and attracts only passing attention. The world has become accustomed to the casualties of industry, crowded conditions and speed in the cities.

The Philadelphia Public Ledger recently made public some interesting figures about the number of cases admitted to and handled in the 57 hospitals connected with the United Hospital Fund. In the business of that group of hospitals there is an ambulance call every 12 minutes during the year. Someone is hurt, there is need for quick and competent service, the first call is for the ambulance and a quick trip to the hospital. While the ambulance calls show one feature of the business, the record of patients admitted is even more interesting, as that one group of 57 hospitals takes in a patient every 30 seconds during the year.

One may have a better understanding of the large place the hospital fills in the life and well being of a large city when these figures are studied. Each year the hospitals are made larger, more nearly complete, medical and surgical staffs are increased in numbers and ability and readiness to give the service to the suffering in a helpful way is enlarged. But no longer is this service confined to the large cities. Smaller cities, such as Salem, have adequate equipment and competent doctors and surgeons.

LET'S HANG A FEW

In the ordinary course of events we do not believe in telling the citizens of other states what to do. When we hear, however, from Clarkdale, Miss., that nine men have been named in four indictments for the lynching of a negro, Lindsey Coleman, we are constrained to break the rule. Mississippis should hang the lynchers. Should she adopt that policy, lynching would come to a halt. The lynching of Coleman was more than ordinarily outrageous. He had been acquitted by a jury of white men. The mob seized him as he was leaving the courthouse with his newly granted freedom. Mississippi has her own race problem, which people who live in Ohio can not comprehend but fact does not mitigate the crime of lynching. Cultured, upright Southerners who defend lynching are few and far between. A bill calling for a federal law against lynching is pending in congress. Unless they wish another piece of centralized authority to be yoked on to the country, Mississippi and her sister states will have to take the matter into their own hands.

Makes It Easy for Busy Mother to Keep Junior Out of Mischief

Borrowing an idea from Red Indian and Japanese mothers, an inventor has devised a special harness which enables a mother to care for her baby while going about her household duties with hands free. Weight is so distributed that pressure on the shoulders is not comfortable.

"Red" Grange Struts His Stuff in South
New Orleans, La., Jan. 10.—"Red" Grange gave the customers, whose money's worth, when he scintillated in the 14 to 9 victory of his Chicago Bears over the Southern Stars here Sunday.

The Red head, after a long rest, returned to the gridiron and unscathed half a dozen of the shinning head-bald runs which made him famous at Illinois. Once, in the third period, Red broke through after a 50 yard dash, being stopped by a quarterback on the four yard line.
A crowd of about 5,000 saw the game. Many others refused to pay the \$5 admission price demanded.

PATROLMAN BEATS MEN TO TRIGGERS

Cleveland Policeman Kills Men Who Draw Guns When Questioned.

Cleveland, Jan. 11.—Two unidentified men were shot and killed early today by Patrolman Daniel Candow, when they pulled guns on him as he sought to question them in a restaurant at 7826 St. Clair ave.
Candow, walking his beat, saw the men enter the restaurant and followed them. As he entered they started to walk out.
"Let's talk this over," the officer said, halting them.
The men said they were from Chicago and had been attending a party. "I'm going to search you," Candow told them, unsatisfied with their replies to his questioning.
One of the men reached for a revolver in his hip pocket. Candow knocked the revolver from his hand, at the same time firing his own weapon. The man fell wounded.
His companion had drawn a gun but Candow with two bullets shot him dead.
The wounded man had meantime recovered his revolver, and prepared to fire again, but two more shots from Candow's gun ended the gun duel.

Bolen Dance Studio

Miss Verna Bolen will open her school and term here at the Elks Building, third floor, Monday, Jan. 11, 1926. Miss Bolen is a student of Mr. and Mrs. Raymond Bott, Youngstown, O. Everything in ballroom technique from the waltz down to the Charleston, is taught. The round and square dances which are coming back into vogue, will also be taught.

Private lessons will be given by special appointment. Private lessons on the Charleston alone will also be given by appointment.

All types of ballet technique will be taught.

Miss Bolen is offering an opportunity for business girls and women. If a class of ten or more girls and women can be organized to take a ballet course, Tuesday night has been set aside for their class. There are many business girls and women who want to take this course, but have not had an opportunity, and here it is. It is a good way to either reduce or gain. This exercise is the best way to build up a strong physique. You can grow old as long as you take the right kind of exercise.

Let us see, if we cannot organize this class. You will enjoy the hour of study and will not be sorry for having enrolled.

COURT NEWS

HEAVY CRIMINAL COURT DOCKET IS IN PROSPECT

On account of the large number of indictments returned by the January grand jury, the indications are that the criminal court term which will open next week will be perhaps the longest in this county for some years. Those who have been indicted will be taken before Judge James G. Moore at 10 a. m. on Tuesday for arraignment, and whether any pleas of guilty will be entered has not been indicated by any of the defendants, as the majority of whom are in the custody of Sheriff George Wright.

The "heaviest" cases that will be tried as a result of the indictments returned are those against W. C. Beverly and Eugene Postle, who have been held under heavy bond as a result of their stock selling activities in this county several months ago.

Dismiss Divorce Cases.
The divorce action filed in common pleas court June 29, last by Emma Andrews against her husband John V. Andrews, has been dismissed from the record on the motion of the plaintiff and at the costs of plaintiff. The temporary restraining order previously granted in this case when it was first filed has been dissolved.

A similar entry has been made in the divorce case of Claude E. Conrad against her husband Richard M. Conrad, the plaintiff filing the motion and the dismissal being at the costs of the plaintiff.

In the case of Sylvia Showalter against her husband Howard Showalter, this action has since been dismissed from the record on the motion of the plaintiff and at her costs. No record follows.

HOW SALES BILLS MUST BE RECORDED

Clerk Ballantine Explains Method of Procedure: Many Mistakes.

Lisbon, Jan. 11.—Between Jan. 4 and 9, covering a period of five and one-half days, a total of 1,173 bills of sale were filed for record with Clerk of Courts Frank Ballantine. This is a record for any one week since the law requiring bills of sale to be recorded became operative.

On account of so many people sending bills of sale to the clerk of courts to be recorded that are not properly filled out, considerable extra work has been thrust upon the clerical force of the office, and all such bills of sale must be returned to those who sent them. At times no bill of sale is enclosed, and many bills of sale contain no signatures of witnesses. Because of the existing situation, Clerk Ballantine has issued the following rules which are being strictly observed:

Stamps will be returned when forwarded as a filing fee, as the office has no means of turning the stamps into cash, inasmuch as the cash must be turned into the county treasurer.

Two witnesses must sign all bills of sale.

Bill of sale must be filed with clerk and the purchaser.

An affidavit must be filed by the seller.

Two copies must be presented for filing, one of which is returned to the party purchasing or owning the motor vehicle.

No assignments are acceptable. Bill of sale must be made out for each transfer.

Used car bill of sale must have attached bill of sale recorded and held by previous owner of vehicle. In lieu of a bill of sale a sworn statement must be filed by the present owner of the motor vehicle.

Bill of sale must be filed 5th clerk of courts in the county where the sale was consummated.

When copies of lost papers are desired, make affidavit on a form specially prepared for that purpose as to the loss. This affidavit must be sent to the office of clerk of courts accompanied with a fee of 25 cents for each copy.

The filing fee for each set of

sworn statements or bill of sale is 25 cents.

Stamped envelopes must be enclosed with all bills of sale forwarded for filing and to be returned.

Blank bills showing make, type and model of car, name and residence of owner should be filled in on the reverse side of the bill of sale.

Fees for recording bills of sale and sworn statements last week totaled \$293.23.

ORCHARDISTS TO HEAR MATTHEWS

Salem Man Speaker at Ohio Horticultural Society Annual Meeting

The 59th annual meeting of the Ohio State Horticultural society will be held Feb. 1 to 4 at Ohio's 14th annual Farmers' Week at Ohio State University, Columbus.

On the program, arranged in conjunction with the horticulture departments at the university and open to all Farmers' Week visitors, appear the names of 25 speakers, one of whom is W. H. Matthews of Salem.

Ten of the 25 speakers are fruit growers, on the program to give the benefit of their years of experience in orcharding. The other 15 speakers represent agricultural colleges and experiment stations, railroads, and the U. S. Department of Agriculture.

The Farmers' Week program for Monday and Tuesday of special interest to fruit growers is devoted chiefly to talks on grape and peach production. Apples come in for their share of the discussion on Wednesday and Thursday. Both production and marketing problems will be considered.

Samuel Fraser, a fruit grower of Genesee, N. Y., is down for two talks, one on "Getting the Fruit Growers More of the Consumer's Dollar," and "Increasing Fruit Consumption." Future trends in apple, grape, and peach growing are to be considered by three Ohio growers, Frank Farnsworth of Waverly, Charles Manchester of Perry, and V. H. Davis of Port Clinton.

The annual banquet of the horticultural society comes Wednesday evening, Feb. 3. The business meeting and address of the president, D. R. McConnell of Hubbard, is scheduled for Monday morning, Feb. 1.

76-Year-Old Poorhouse Inmate Held as Killer in "Love Duel"

William Bevans, 76, is awaiting trial in Logansport, Ind., on the charge of killing a fellow inmate of the county infirmary, Nelson Anderson, 74, in a quarrel over Miss Stella Shirley, 31. She denies any affection for either, explaining that she was merely trying to be kind to them. Bevans denies the charges.

TWO LARGE STORE BUILDINGS BURN

Wellsburg, W. Va., Jan. 11.—Only a mass of ruins today remains of two large store buildings destroyed in a spectacular fire.

The blaze started in the basement of the Murphy five and ten cent store, before daybreak, and soon spread to the adjoining Carson & Scott Drug Co. building.

The Wheeling fire department was called and the blaze was extin-

guished late in the day, but only after the Peister building had been badly damaged by flames, smoke and water.

Occupants of apartments in this building were forced to flee in their night clothing.

Bascom Sloop Heads Large Coal Combine

Johnson City, Tenn., Jan. 11.—A new \$10,000,000 coal corporation, headed by C. Bascom Sloop, former

Virginia congressman and later secretary to President Coolidge, made its new to the public here today.

The new organization embraces 14 going coal concerns, scattered in Kentucky, West Virginia and Virginia, with an estimated annual production of close to 2,000,000 tons. It is to be known as the Wakenva Coal corporation.

C. J. Jennings is president of the new corporation and Sloop is chairman of the board.

FRIENDS SERVICE WORK FORMED ON PERMANENT BASIS

Mrs. Scattergood Explains
Aims of Work in Talk
at Friends' Church.

The American Friends Service committee, a body representing all the members of the Religious Society of Friends (Quakers) in America, which carried on reconstruction work during the World war and during the past year brought all its real relief service to an end, has been re-organized on a permanent basis.

The work the committee will now engage in was explained by Mrs. Maria Scattergood, of Philadelphia, when she spoke at the Sunday evening service at the First Friends church. Mrs. Scattergood and Mary Ida Winder of New York city are on a tour in the interest of this work. Miss Winder also gave a talk.

This committee has organized four distinct departments, foreign service, inter-racial peace and home service.

The foreign service section has taken over the various kinds of work that were established by the old committees in different countries and is carrying it on as a bit of demonstration of practical Christian service. This department maintains workers in France, Germany, Austria, Poland, Russia and Mexico. It is interested in making all of its work contribute to the building up of the spirit of goodwill by rendering practical and sympathetic service. This is done by establishing centers of goodwill.

The inter-racial section plans to make a special study of the problems arising between races. Special attention will be given to the negro, Japanese, Mexican and Indian problems in the United States. It also expects to cooperate with other agencies to encourage peoples of all races at home and abroad to render sacrificial rather than selfish service.

The peace section expects to focus the attention not only of the peace committees in the various yearly meetings of Friends, but also that of other religious denominations, upon the menace of militarism and the way out. Through public meetings, speakers' bureau, literature, etc., this department expects to give expression to its interpretation of the message of Jesus on the question of peace between people and nations.

Through the home service section the committee has appealed to young Friends and to all young people who are students in Friends colleges, to render service of national importance in times of peace. Already 60 young people have responded to this call and are making more or less of a study of some of our great social problems.

DISTRICT BOWLING TOURNAMENT PLANNED BY SALEM MASONS

Plans for a district Masonic bowling tournament, to be held in the Salem Masonic temple in February, were announced Monday.

The tournament is open to all Masons in the district, and entries are expected from East Liverpool, Alliance, Lakewood, Lisbon, Wellsville, East Palestine and other cities.

Several committees are at work on arrangements and the dates will be announced. A large list of prizes will be awarded winners and placers in the various events. A small entrance fee will be charged to defray expenses.

It will be the biggest tournament of its kind ever held in this part of Ohio, according to plans, and will be one of the largest events on the winter sports calendar here.

Looking at the temple took a big crowd of spectators and the alleys are in constant use by Masons. The last half of the annual league started last week and the league will end March 1 with a banquet.

Team No. 8, Ross Whinnery captain, is leading with 18 won and six lost in 24 games played. The other teams stand as follows:

Team Seven, 17 won and seven lost; Team One, 13 won, eight lost; Team Six and Two, 12 won and 12 lost; Team Three, 11 won, 13 lost; Team Four, eight won, 16 lost; Team five, four won, 17 lost.

Games are played each Tuesday and Thursday nights.

Saturday night a two team duckpin league started, and the teams will battle seven weeks, ending Feb. 15. The captains arrange the day on which the games are rolled each week.

Team No. 1 is captained by W. J. Wark and has the following men: William Thomas, Lester Koenreich, Carroll A. Bumbaugh, R. L. Wright, O. C. Hoover, and L. A. Sharp.

Team Two, is composed of Ross Whinnery, captain; James H. Wilson, Charles Wernet, Paul Myers, Arthur Shinn, Carl Clay and Herman Wright.

Match Glick With Dundee and Morgan

New York, Jan. 11.—As a final test before his promised bout here with Tod Morgan, the new junior light-weight champion, Joe Glick, Brooklyn contender, is to be matched with the veteran Johnny Dundee at Madison Square Garden, it became known today.

The bout will be held on either January 29 or February 5 and, if Glick wins, the championship match with Morgan will follow.

The latter will come east late this month, according to the garden officials.

Practice Tonight

The Lucky Dogs will practice Monday night at the Memorial building, and Coach Joe Kelley and Capt. Willbur Vignone urge a turnout of the entire squad. There will be a game Thursday night, possibly with the Lisbon Nash Motors.

WASHINGTONVILLE

Mrs. Clarence Baker entertained the members of the Fortnight club at her home on Thursday evening. Mrs. Arthur Johnson was a special guest. Fancywork and contests were diversified. Mrs. Carl Weikart and Mrs. Lynn Davis winning honors. At each meeting one of the members of the club receives a shower of handkerchiefs. Mrs. Albert Spear was the lucky person at this meeting. Lunch was served by the hostess. Miss Myrtle Baker will entertain the club in two weeks.

Mrs. Jane Simpson is spending a few weeks with her daughters Sarah and Elizabeth at Canton.

Ross Davis has just purchased the Willard Calvin farm north of town and will take possession in the spring. John Candler is ill at his home threatened with pneumonia.

Wilbur Vignone of Youngstown and Eugene Roller of Canton, spent Sunday with their parents here.

Mr. and Mrs. Glen Davis and family of Leetonia and Mr. and Mrs. J. M. Davis and son Ray were guests on Sunday in the home of Mr. and Mrs. Lynn Davis.

A joint meeting of the K. of P. lodges will be held at Sebring on Friday evening, Jan. 15 in honor of John H. Berry, formerly of this place, but now of Sebring, and a charter member of Welcome lodge, No. 241, K. of P. of Washingtonville. Several expect to return from this place.

Mr. and Mrs. Chester McCave of Canton were over Sunday guests in the home of Mr. and Mrs. H. J. Woods.

Frank Boston, Fred Boston, Frank Bilger, Charles Taylor and Joseph Thorpe attended the four-county meet of the K. of P. lodge at Girard on Saturday evening. Mr. Thorpe gave an address at this meeting.

After spending a few days in Lorain Isaac Chappel surprised his relatives and friends when he returned on Friday evening with his new bride. He was married on Wednesday afternoon to Mrs. Mary Barley of Lorain by Rev. Marshall, of the Presbyterian church. They will make their home in Leetonia in the Rhinel property on the Columbiana road.

The Ladies Aid of the Lutheran church will meet on Wednesday evening in the home of Mrs. F. G. Davis. A good turnout is desired.

Mrs. Herbert Smedley spent Sunday with her daughter Ruth, at Youngstown.

This team will play at Columbiana next Wednesday night, at which time Miller Bros. hope to win by a decisive score. Two other games will also be played next week by Miller Bros. They go to Lowellville Tuesday night and to Alliance on Thursday night, where they meet the fast Tusko club.

The boys game was not so good in the first half. Lisbon held a lead, 29 to 19 at the end of the first half. However, in the second half C. H. S. scored 14 points to Lisbon's eight.

A patched up Miller Bros. team met defeat at East Liverpool Friday night at the hands of the Power Five a team that had previously won nine out of its ten starts this season. Hawkins and Thomas, the stars of the local team, were absent, while Howe and Price did not arrive in time for the first half, which was played by Robinson, Graham, Anderson, McMaster and Harry Stiller.

Miller Bros. were unable to supply a scorer or timekeeper, and are confident that all the points they made in the two halves were not credited to them. However, the score as given out was 22 to 15, in favor of the Power Five.

This team will play at Columbiana next Wednesday night, at which time Miller Bros. hope to win by a decisive score. Two other games will also be played next week by Miller Bros. They go to Lowellville Tuesday night and to Alliance on Thursday night, where they meet the fast Tusko club.

SPORT CARNIVAL MAY PICK MANY TITLE WINNERS

New York, Jan. 11.—Championships in track and field, boxing, basketball, wrestling, hockey and other indoor sports may be decided on a national scale if a mammoth three-day sports carnival, if the proposal, made public today by Gustavus T. Kirby, chairman of the advisory committee of the International A. A. A., is adopted.

His recommendation, made before the joint meeting of the advisory and executive committees, was passed on to the national meeting, March 6, without comment.

In order to give Kirby's idea the fullest consideration, the committees postponed the annual indoor track and field championships from March 6 to March 12.

The proposal, naming Madison Square Garden as the scene of the carnival, has been outlined by Kirby in a letter to the graduate managers of 15 universities and colleges.

Charges Fly Between Philly Mayor and Marine Police Chief He Fired

Charges are flying between W. Freeland Kendrick, "reform" mayor of Philadelphia, and (right) Smedley D. Butler, who appears here to be friends. Butler, who returns to active duty as brigadier general in Marine Corps as a result of his dismissal as police chief of Philadelphia, declares Kendrick tied his hands by making him "lay off the big places." The mayor in turn declares Butler did not have a "proper appreciation of his responsibility to a superior officer."

Ohio Farms Change In Size and Number; Fewer in East Ohio

Western Ohio farms are adding to their acreage while eastern Ohio farms are decreasing in size, judging by the 1925 farm census figures for Ohio made public by the Federal Department of Commerce.

The number of farms in Ohio decreased from 256,695 in 1920 to 244,703 in 1925 and the total farm acreage decreased from 23,515,888 to 22,222,475 acres.

Fourteen counties in the state, contrary to the typical tendency, reported an increase in the number of farms. Thirteen of those fourteen counties are in the eastern half of the state.

"The figures indicate," says Dr. J. I. Falconer, head of the rural economics department at the Ohio State University, "that western Ohio farmers reduced the number of farms but increased the size of the average farm in order to establish a unit more capable of producing the chief corn belt products economically."

"In eastern Ohio the counties reporting an increase in the number of farms reduced the size of the average farm, presumably to answer the increased demand for special crops, like truck crops, fruits, poultry and dairy products, all of which can be produced economically on comparatively small units."

Tendency seems to be on the decrease in Ohio. Dr. Falconer points out, if the 1925 farm census figures are accurate, in 1920, 29.5 percent of Ohio's farms were operated by tenants; in 1925, 25.5 percent were operated by tenants.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

ECKFELD IN RACE FOR COUNTY POST

Fred H. Eckfeld, city auditor of Wellsville, has announced his candidacy for county treasurer, he being the second to enter the field for this office. Mr. Eckfeld was a candidate for this office three years ago and was defeated by County Treasurer Jo Pike.

Candidates for this office will be voted upon at the August primary election. When Mr. Eckfeld entered the field for this office three years ago he was the second highest in the field of four.

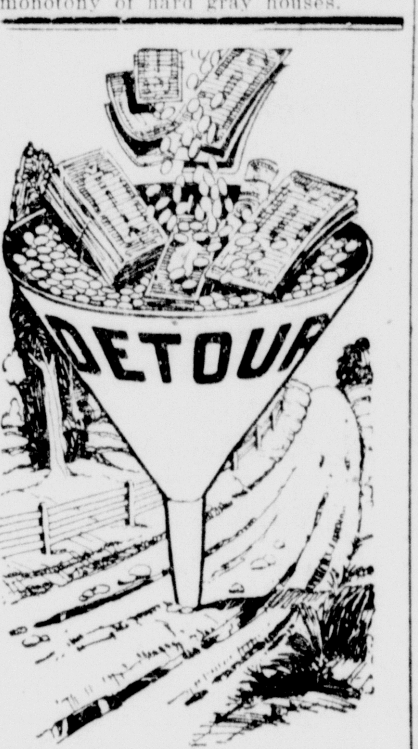

COUNTY TO USE SNOW PLOWS ON MAIN HIGHWAYS

"We are prepared to take care of the roads regardless how heavy the snow," announced County Surveyor Lloyd C. Kirk Monday. "All of the county and state snow equipment is in good shape, and we'll keep the main highways open at all times."

The only road the snow plows will not work on is the Wellsville-Salineville road, and this is on account of the condition of the narrow brick section of this road. This narrow brick section is so rough that it is said the plows would "buckle" if they were to scrape the highway.

Road crews are now ready to go out at a moment's notice, and they will be called into service whenever the necessity arises.

Concrete can now be made in different colors, thus avoiding the monotony of hard gray houses.

Every detour costs money!

COUNT up the times this year that you are thrown off your route by detours and note how few of those times are caused by repair work on vitrified brick pavements.

That will give you another of the reasons why vitrified brick makes the most economical pavement a community can buy.

"ROSE OF PARIS"
Paris and Vienna, gay with the life just before the war, are the settings for "Rose of Paris," a Universal serial starring Mary Philbin which opens a two day engagement at the State tonight.

The story is taken from the French novel, by Dely called "Mitz," and the chief characters in addition to that of Mitz, played by Miss Philbin, are taken by John Faimpolis, Robert Cain and Rose Dione, Irving Cummings, once one of the leading movie actors, directed the picture in which a colorful romance, such as French writers are famous for, is told.

An added attraction tonight, Tuesday and Wednesday is the Venetian Quintet, a group of European musicians, gathered together by Henry Suggen of Youngstown, and now on a countrywide tour.

"THE WESTERN WALLOW"
Jack Hoxie's latest starring vehicle for Universal, "The Western Wallow," to be shown in the Grand tonight is a story full of tensely dramatic situations that make vivid the tragedy in the life of a man who is trying to win his way after having been paroled from a penitentiary.

This parole is accorded him as a reward for his efforts in preventing a wholesale escape from the convict camp and after gaining his conditional freedom he goes back to the cattle country where he had spent most of his life and where his prison record was unknown. On the journey he gains the gratitude of a young woman by recovering from a bandit the money she was taking to her father's ranch. He is given a job on the ranch.

Keep Pimples away

Why do you let those unsightly pimples, blackheads and blotches disfigure your skin and ruin your appearance? You can keep them away, if you keep your system full of rich red blood. And not only that, but the very texture of your skin will be soft and velvet like—and the coloring radiant as a rose.

It's all in the blood. And S. S. F. will help Nature keep your blood rich and red and pure.

Yes, you can keep pimples away simply by taking S. S. F. That's the fact. The kind of red blood-cells that S. S. F. helps Nature build make your skin beautiful—clears it up just like it puts firm flesh on you—brings strength to weak, flabby muscles—gives you an appetite like you used to have and generates the energy and vitality of youth throughout your entire system. Just try it and see for yourself! A. druglets sell S. S. F. Get the large bottle. It's more economical.

EXAMINE TAYLOR ON FITNESS FOR COMMERCE BODY

Washington, Jan. 11.—Richard V. Taylor of Alabama, was summoned before the senate interstate commerce committee.

The appointment of Taylor, a Democrat, has been attacked by insurgent Republicans and Progressive Democrats, along with that of Thomas F. Woodcock, of New York, because of their former connections with railroads. Woodcock, who will be recalled to the witness stand tomorrow, told the committee he had served as a director of both the Frisco and the Santa Fe railroads and had several posts with Wall Street banking interests.

Because of a "split" in Democratic opposition to the appointments, there was a probability that both men ultimately will be confirmed by the senate.

Then you will feel fine, your head becomes clear, stomach sweet, tongue pink, skin rosy. "Cascarets" gently cleanse, sweeten and refresh the entire system. They never gripe, overact or sicken. Directions for men, women and children on each box, any drugstore.

PARTRIDGE, FAMED SCULPTOR, INSANE

New York, Jan. 11.—William O. Partridge, whose sculpture adorns many great buildings, was committed to the New York state hospital for the insane today, despite his frantic calls for help as he was being transported here by a guard.

From a taxi window the desperate man summoned a police officer.

"I am a sculptor, I'm William Ordway Partridge, member of the Lotos and other clubs. I'm being 'railroaded' to an insane asylum."

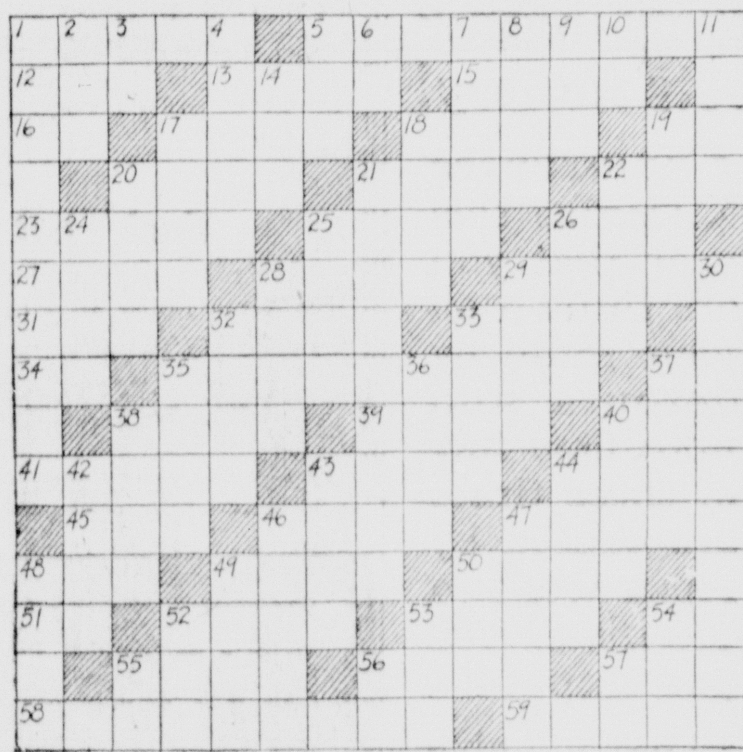

A man accompanying the artist explained that he was a guard from the Central Islip hospital and was taking Partridge back for violation of a parole. The policeman confirmed the guard's story by telephone as the sculptor was taken to the institution.

Mrs. Partridge said when asked about the incident that Partridge was a victim of persistent insomnia from which he had been suffering for several years.

"He is getting better," she said, "and we have every reason to believe that he will be entirely recovered in a few months."

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

Don't mix a mess of mustard, flour and water when you can relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, in the form of a white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it may prevent pneumonia).

The Credentials of BUICK

EXAMINE the credentials of the builder of any car you think of buying. Be sure there is stability behind the car. Be certain that it will not some day join the ranks of the million and more unmarketable "orphan" cars whose builders have quit.

Buick motor cars are backed by vast resources of men, equipment, investment and success. The Buick factory is a mile and a half long. The Buick engineering staff is the largest in the service of any motor car manufacturer. The

Buick sales and service organization numbers 4000, with millions invested in showrooms and Authorized Service Stations all over America.

And Buick leads in public preference, the indispensable factor in motor car success. For eight consecutive years, the public has invested more money in Buicks than in the cars of any other member of the National Automobile Chamber of Commerce.

Not one of the million "orphans" on the roads today was built by Buick. None ever will be!

MOTHER!

Child's Best Laxative is
"California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste. Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation. Adv.

Rich Papa Is Angry

BEFORE THE WEDDING. (U.P.)

Ouch! My Back! Rub
Lumbago Pain Away

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you reach fifty, the soreness and stiffness is gone.

Don't stop rubbing! This so-called "miraculous" oil is used only once it takes the pain right out and the muscles are so magical, yet the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so simply. It never disappoints—Adv.

SEEK \$10,000 FOR
BOY SCOUT WORK

A campaign for \$4,000 representing the share of East Liverpool, Chester and Newell, in a proposed \$10,000 fund with which to finance the work of the Columbian County Council, Boy Scouts of America, during 1926, will be conducted in the district on Wednesday, Jan. 27. Harry A. Wilson, county scout executive, announced today.

Drives will be made in Wellsville, Lisbon and Leetonia on the same day. Salem's quota of \$2,000 and Columbiana's \$500 may be taken from community chests.

MRS. O'BRIEN CERTAINLY APPRECIATES
THE VALUE OF FATHER JOHN'S MEDICINE

Says She Depends On It To Keep
Her Children Free From
Colds

Mrs. P. O'Brien certainly appreciates the value of Father John's Medicine for her children. Writing from No. 30 Donnacona ave., Montreal, Mrs. O'Brien states: "I am greatly satisfied with the results of using Father John's Medicine. It rid my daughter, 13 years old, of an attack of Bronchitis. It was only after using other medicines without satisfaction that a friend recommended Father John's Medicine to me and now I recommend it to my friends."

A child's body is like a stove in one respect. The stove must have a constant supply of fuel, to give out plenty of heat. The child must have a constant supply of certain food elements, in an easily digested form, in order that the body may be well nourished and the strength and vigor kept up.

Colds, coughs, bronchitis fasten on under-nourished children. And these dangerously weakening troubles hang on as long as the child does not get the kind of food that is needed for strength.

But when Father John's Medicine is given to the pale, weak, run-down children, they gain weight, gain color, gain the strength to throw off the weakening dangerous coughs.

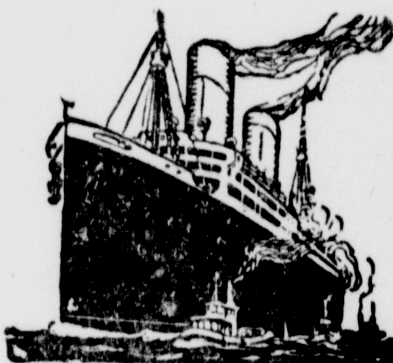

The reason why Father John's Medicine is such a dependable body-builder is because its basis is pure codliver oil so blended with other valuable ingredients that its food elements are readily taken up even by those who are weak and run-down.

With special apparatus it has become possible to take pictures with an exposure of only a millionth-part of a second. Fifty years ago from 10 to 20 minutes exposure was always necessary.

To qualify for membership in the Caterpillar club, of London, men must have been forced to leap with parachute from balloons, dirigibles or aeroplanes, as a last resort. As jumps for mere pleasure or thrills do not count, there are at present only ten members.

Paris Shows New Fashions at the Longchamps Races

Many chic late winter fashions were shown recently at the Longchamps races in Paris, where these photos were taken. Black and white is exemplified in the Eton jacket and white buttoned blouse at the left above; the sports ensemble with scarf is pictured in center; and a fur trimmed coat is on the right. High collars and knee length skirts prevail in Paris, you will observe.

Helpful Hints For Housewives

Women can not be blamed for dreading the disagreeable task of housecleaning, and any suggestions which will lighten this necessary labor should be welcome.

The government has studied this problem of home economics and embodied the results of its study in a comprehensive booklet.

This booklet gives a complete list of desirable cleaning tools and tells about the proper materials to use.

It gives instructions about the care of refrigerators, stoves, and all kinds of kitchen utensils.

It also tells how to get rid of household pests such as bedbugs, ants, cockroaches and moths.

This is a free government publication and our information bureau will secure a copy for any of our readers who fills out and mails the coupon below, enclosing two cents in stamps for return postage. Be sure to write your name and address clearly on the lines.

Stop Those Drugs

They never affect the Liver

When you take cathartics you believe that they directly affect the liver. They do not. Countless recent tests have proved that. That's why all those treatments bring you disappointment.

But modern science has found a way to really stimulate the liver. That is ox-gall, a liver secretion. Physicians the world over now employ it to do what you've tried to do.

Many of the ailments are due to torpid livers. We have tried to correct them, but we failed. As a result, we have suffered—most of us—from troubles of this sort:

Indigestion Heart and Constipation Kidney Troubles Impure Blood Bad Complexions High Blood Pressure Lack of Youth

Now we ask you to join the millions who have found a new relief. Ox-gall, a gland secretion, really stimulates the liver. Then it acts. Then it floods the intestines with bile. The toxins which are now being

formed and absorbed are quelled. Good doctors everywhere now prescribe ox-gall, mostly in liquid form. But it comes also in tablets called Dioxol, which druggists now supply. Each tablet contains 10 drops of purified ox-gall.

We ask you to learn how much Dioxol can do. Learn it at our expense. It will change all your conceptions of treating liver troubles. It may bring to you new health, new vim, new hope. Clip this coupon for your own sake—now.

eyes is quite the height of style. But to look well the hat thus worn must be an exceptional quality of felt so its costs almost too much to look smart.

For more formal wear and for the needs of the more serious business man, the caller or the tea-taker, the bowler or the "melon" will still be in favor with the Parisians serving as an intermediary between the very informal soft hat and the top silk.

Color is very prominent in neckwear. Cheerful blending and harmony produce some interesting effects. Stripes, which were popular last spring, will be given a chance for added popularity. A new color is large polka-dots. Floral effects and conventional designs of blocks, cubist styles and small geometrical motifs will be popular.

Woolen socks in new and pleasing patterns are getting the better of garters. The color range from blue and red of old shades to the softer tones of brown and grey. Checkered and figured patterns in bright colors are also much seen.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight. Adv.

Once Old Maids At 30, Women Now Flappers At 50, He Says

Boston, Jan. 11.—It was almost half a century ago that Doctor Walter G. Kendall, Boston's best known sportsman, and bicycle rider, was elected president of the Boston Bicycle Club.

And "Doc" is still going strong today as an athlete.

Asked how he does it, Kendall replied:

"You'll never grow old if you keep in shape."

When Kendall was a boy, sports were only a "crazy fad," he said. Women never went in for them, and very few men. In fact, because the doctor boxed and fenced and got "the gang" interested in baseball, the mothers of that day pronounced him

"a roudy," and wouldn't let their young sons play with him. Nice girls thought he was crazy.

"When I was a boy," he said, "a woman was an old maid at 30. Now she's only a flapper. A mother was an old lady at 40. And when she reached 50, they sat by the fire and knitted and gossiped, and got deaf and crochety. That was before they took up sports and acquired interests outside their homes."

"Now look at them. Look at Eleanor Sears at 43. She can play polo, which is a more strenuous game than football, better than any man. She has more endurance than most men, and she's a better all-around athlete than any man I know."

"In another generation Eleanor would be wearing a little gray shawl and hugging the fireside, a miserable spinster. But—Lord, she's glorious!"

"It's an absolute fact that sports have made men live longer. 'I'm about the only one of my old crowd still alive. And I've been running around like a 20-year-old because I've always been sport-crazy. The daughters of my youthful contemporaries are old women now, because they never took up athletics. But you can bet their daughters won't be old at 50.'

"When I was young we used to span the waists of our lady loves with our hands, and the dear things used to faint at once. Now I understand, a waist is an armful and girls don't faint at anything."

"Normalcy and sense are great things. Sports have made sane creatures out of irrational females, and sports are breeding a finer race."

Doctor Kendall remembers when men bicycle riders banded together and became the League of American Wheelmen. In 1890, with 100,000 members, the League became so strong that its officers seriously considered nominating a bicyclist for the presidency of the United States.

"The thing fell through," Doc declared, "but we could have done it. It's a darn shame we didn't."

DOES QUININE UPSET YOU? TRY LAXA-PIRIN

Quinine isn't needed for colds. Why take it if it gives you roaring head, buzzing ears, upset stomach and skin eruptions? You'll get quicker results, and no unpleasant effects whatever, by using Morse's Laxa-Pirin, the original Aspirin Combination for colds, grippe and headache. Try it, and notice how promptly your cold starts to leave. Nothing like it for prompt relief. 25c.

Constipation! How to Keep Bowels Regular

To Dr. W. B. Caldwell of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated men, women, children, and particularly old folks, had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all headaches, biliousness, indigestion and stomach misery, he did not believe that a sickening "purgative" or "physic" was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even for those chronically constipated.

Dr. Caldwell's Syrup Pepsin not only causes a gentle easy bowel movement but, best of all, it never gripes, sickens, or upsets the system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

A Trial Washing will Convince you

IN your own home you can test the Maytag. Do a week's washing without expense or obligation. Prove to your own satisfaction that it will wash everything—the finest fabrics as gently as by hand—the heavy, bulky things—even such hard-to-wash things as grimy, greasy work clothes—thoroughly—cleaner than in any other way.

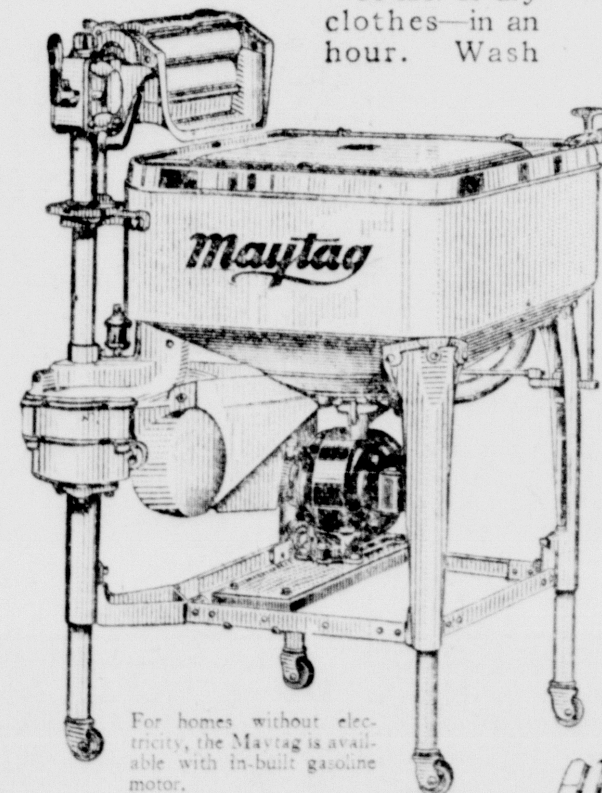

Wash everything sparkling clean without hand-rubbing—even collars, cuffs, wristbands. Wash tubfuls in 3 to 7 minutes. Do whole washings—50 lbs. of dry clothes—in an hour. Wash

faster—wash easier—wash cleaner than other washers.

The Maytag is the *only* washer with a cast-aluminum tub—the tub that keeps water hot throughout an entire, big washing—the tub that cleans itself in 30 seconds after the washing is done.

Phone for a Maytag—we will deliver one for a free, convincing test—a wash-with-it-in-your-own-home test. Test it thoroughly—use it unsparingly.

If it doesn't sell itself, don't keep it.

For homes without electricity, the Maytag is available with in-built gasoline motor.

Deferred Payments You'll Never Miss
